

DINAIR®

CLEANING & TRAVEL CAPS

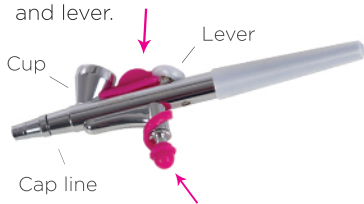

Get Clogs Out Fast! Pump, Cap and Soak Every Night!

Patent Pending
Available in Pink and Black

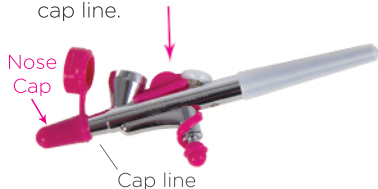

STEPS

- ① Put **Lever Holder** between cup and lever.

- ② Push on bottom **Cap** and twist.

- ③ Push on **Nose Cap**. Stop at black cap line.

- ④ Add Cleaner

Put 5 - 10 drops of Dinair Airbrush Cleaner, (Gold) into Airbrush Cup

- ⑤ **Un-Clog:** Pumping action pushes cleaner through Nose Cap into Makeup Cup. Bubbles are cleaning. Spray test to see if clear.

Stubborn Clogs: Close Cup Cap and soak for a few minutes or longer. Or while you sleep!

- ⑥ **Clean,** cap and soak between uses.

Dinair Airbrush Cleaner (Gold)

Use with Cleaning & Travel Cap System
Recommended for daily washing, cleaning, quick color changes and overnight soaking.

Dinair DEEP CLEAN (Blue)

Penetrating Airbrush Cleaner loosens dry, hardened clogs, makeup buildups and stuck needles. Use Dinair Gold Cleaner to wash off Deep Clean.

Air Travel - put in a secondary container to protect against low air pressure spills.
